

## ASP

The provision has received some lovely new resources.

These include big bean bags, sensory equipment, weighted blankets, and timers to name just a few.

The bean bags have already been put to good use during our daily singing session where some children are learning how to sign the alphabet during the 'A is for apple, B is for ball' song (this can be accessed via YouTube for use at home).

Other songs sung during this session include 'There was an old lady who swallowed a fly' and 'I am the music Man'.
