

## Reception

Children in Reception had a fantastic treat, when visitors from The Science Museum visited school to excite us with an amazing show on bubbles, light and materials. Different sizes and bubble shapes were made, and the children loved every minute of the show.

Reception children went to 'Metro Supermarket' as part of the 'Handa's Surprise' story. The children have been learning about fruit, so the Metro Supermarket presented an excellent learning opportunity about a range of interesting fruits. We will use the fruits we have bought to make fruit salad!
