

## Year 1

This week we have been learning all about Christmas. We listened to the Christmas story and we acted parts out. We have designed and created festive cards and decorations and we have been practising our festive class songs ready to perform to each other on Friday.

We have also been preparing for our new topic 'Animals at Home'. We helped to create our farmyard learning environments by collaging and painting lots of different animals. We can't wait to learn all about our new topic!

We wish all of Year 1 a restful break and a very happy new year.
